Geneva, March 2011

To Whom It May Concern

This is to certify that

Mr. Andrej SELJAK

attended EDIT2011, Excellence in Detectors and Instrumentation Technologies School that took place at CERN, Geneva from Monday the thirty first of January to Thursday the tenth of February 2011 (inclusive).

EDIT2011 School offered a scientific program constituted by two days of plenary lectures and eight days of theoretical classes interleaved with laboratories courses, for a total of 8 plenary lectures, 20 lectures spread in the topical courses and 32 laboratories.

The topics covered during the school were as follows:

1. From basic to advanced electronics and FPGA programming - 18 hours
2. Gaseous detectors: present features and future role - 9 hours
4. Detection of scintillation and Cherenkov light from crystals and fibres – 8 hours
5. Photo-detectors: principles, performance and limitations - 8 hours
6. Calorimetry: from the basic concepts to the energy flow - 9 hours
7. Silicon strips technologies - 10 hours
8. Pixels detectors for LHC and for Linear Colliders - 10 hours

A handwritten signature in black ink, appearing to read "A. Cattai".
